5ª Conferência Empresarial
Renováveis em Moçambique
5th Business Conference
Renewables in Mozambique

FINAL REPORT

The largest renewable energy business conference in Mozambique has returned with a new format – focused on **accelerating business and investment for the implementation of projects on the ground.**

Integrated in the **Mozambique – EU Business Forum**, RENMOZ continues to assert itself as a representative platform for the entire sector and a space for dialogue and meeting for all stakeholders.

CONCEPT

INSTITUTIONAL SESSIONS AT THE MZ-EU BUSINESS FORUM

POWERING CONFIDENCE: HOW STRATEGY, FINANCING AND DE-RISKING WORK TOGETHER

- Presentation of a strengthened regulatory and institutional framework to increase trust and predictability.
- Highlighting existing access to financing and de-risking mechanisms.
- Promotion of partnerships between European and Mozambican stakeholders in order to enable large-scale projects to be realised.

OVERVIEW OF OPPORTUNITIES INVESTMENT IN RENEWABLE ENERGY

- Boost the implementation of the National Energy Strategy to expand renewable energy production, strengthen electricity grid infrastructures and increase access to energy.
- Presentation of a set of priority projects for production, transmission, and off-grid solutions.
- Facilitating private sector participation; promoters, technology providers and investors in the implementation of the projects.

RENMOZ 2026 OPENING SESSION

“Securing energy access, industrializing the country, generating employment and increasing the competitiveness of the economy require major investments, and to achieve them the private sector occupies a central place in our vision for the country”

Estevão Pale, Minister of Mineral Resources and Energy of Mozambique

“The focus of this RENMOZ agenda is to move from opportunity to real implementation, and partnerships are key for that. Germany as part of Team Europe is committed to bridging all the stakeholders of the energy sector, in order to accelerate the delivery of projects on the ground”

Ronald Münch, Ambassador of the Federal Republic of Germany to Mozambique

RENMOZ 2026 OPENING SESSION

“AMER believes that the best of Mozambique is still ahead of us. AMER will always be at the side of those who work to make this sector move forward.”

Ricardo Pereira, President of AMER

“RENMOZ exists to create the conditions for decisions to happen, for conversations to continue after the conference, for the right actors to meet and for the necessary trust to invest to be built.”

Mayra Pereira, President of ALER

JOIN US!

The success and continuous growth of RENMOZ reinforce the role of the event as the main renewable energy business platform in Mozambique, as well as the Associations that organize it.

Together we will continue to **promote business, investments and partnerships** to stimulate the business environment and growth opportunities in the markets of Portuguese-speaking countries.

We invite you to join ALER and AMER as an Associate, as strong and representative associations contribute to a more dynamic sector with a more active presence of the private sector.
